Work Experience

WiseBro- Clarity Engine (live and actively in use)

July 2025 - Present

- Launched a tool to help users (including myself) overcome digital distractions and improve focus.
- Shifted mindset from overthinking to action — learning that starting small leads to real progress.
- Took full ownership of the process: idea, design, user flow, and solving a real problem.
- Gained hands-on experience in decision-making, user feedback, and building with purpose over perfection.

Projects

- **PSOP – Password Manager** – Stores and manages passwords and CRUD functionality. Copy passwords to clipboard and show attractive toasters on CRUD. Fully responsive.(MongoDB, Express, React, Nodejs, Postman).
• **GitHub:** https://github.com/AliMehdiNaqvi/PSOP-Password_Manager
- **Clarity Engine** – A decision-making tool that boosts personal productivity by simplifying thought processes. Send roadmap directly into user email inbox.(Next.js,Tailwind, Express, Nodejs, Sheetdb as database, Appscript).
• **GitHub:**https://github.com/AliMehdiNaqvi/Clarity_Engine_MVP
- **DoTask – Todo Manager** – A responsive task manager with filterable views and localStorage-based data persistence (React, Tailwind,JS).
GitHub:https://github.com/AliMehdiNaqvi/DoTask-Todo_Manager
- **X/Twitter Frontend Clone** – Recreated dynamic post display using JSON-based folders, with smooth weekly update animations and interactive follow/unfollow toggle (HTML, Tailwind, JavaScript)
Github:<https://github.com/AliMehdiNaqvi/X-Clone>

Educational Background

Bachelor's in Software engineering (continue)

Virtual university, Lahore, Pakistan

2025 - 2028 (Expected graduation)

- This is my 2nd semester currently.
- My first semester's final term CGPA is **3.45/4**

Skills

Technical Skills

- Nextjs
- React
- Express
- Nodejs
- MongoDB
- Tailwind CSS
- Javascript
- HTML
- ML & GenAI (Basic)
- Python (Basic)
- C++(Basic)

Tools

- Redux
- Postman
- Bootstrap
- Figma (Basic)
- Git and GitHub
- VS code

Languages

- English (Fluent)
- Urdu (Fluent)

Additional Information

- I believe that teck stack is nothing without problem solving mindset .
- I started with graphic designing and designed the whole branding for a small brand.
- I have also participated in public speaking competitions in my school & college.
